RUPESH PATIL

OBJECTIVE

I seek challenging opportunities where I can fully use my skills for the success of the organization.

EDUCATION

- **Shivaji University, Kolhapur**
  2024
  MCA
  CGPA - 7.1

- **Vivekanand College, Kolhapur**
  2022
  BSC (Computer Science)
  Percentage - 74.09%

PROJECTS

- **Hire Hub -**

  Technologies: MongoDB, Express JS, React JS, Node JS

  Developed a comprehensive job portal with user authentication, job postings, and application management. Features included job search, salary insights, and an admin dashboard for managing job listings and user roles.

- **Movie-Vault**

  Technologies: React JS, API Integration

  Developed a dynamic movie information app that fetches movie details through an API. Features include a user-friendly interface for searching movies, detailed movie pages, and the ability to add movies to a personal watchlist.

- **Expense Tracker App -**

  Technologies: MongoDB, Express JS, React JS, Node JS

  Developed a robust expense tracking platform with user authentication, dynamic dashboards for tracking expenses, and categorization features. Included functionality for adding, updating, and deleting expenses.
